Hi, I am Lukman, a qwiklabs user and a google africa developers scholar. I wish to register my complaints over your failure to send me email notifications for the labs I completed on your platform in the past week. i am requesting for the notifications because they are parts of the requirements to proceed to the next phase in my google africa developers scholarships (GADS) journey. I hope you will help rectify this issue by sending all the notifications to avoid my undeserved udisqualification from GADS. Thanks in advance.

Hi Lukman,

Greetings!

As per my understanding you have not receive any completion email from Qwiklabs. if this is the case you will able to see your lab completion status on my learning case. if this is not the case please elaborate your concern.

See you in the Cloud,
Ankit from Qwiklabs

Hello Lukman,

We pluralsight should be able to get the data from the Quicklabs team. This should not affect your ability to proceed to the next phase.
